Program Details
Friday, December 3rd, 2021
Check-In 8:45 - 9:15 am
@Northeastern University
Curry Student Center Ballroom (2nd Floor)
For High School Students Interested in Engineering
$20 Registration Fee
Register Online at: stem.northeastern.edu/bb

About the Building Bridges Program
• Annual event to provide high school students with the opportunity to explore Northeastern University’s College of Engineering
• Full day of interactive engineering activities to help students understand the various engineering disciplines, led by COE faculty and students from all of the engineering departments
• Introduction to research programs and initiatives at Northeastern
• Overview of potential career paths and higher education options
• Networking opportunities to meet and talk with current University students and faculty members
• Interactive lunch session with industrial engineering challenges

Additional Information
• Lunch included with registration
• Group visits and school trips welcome - contact for special arrangements
• Opportunities for parents and families to explore the campus and city of Boston during the day while students are participating in the program
• COVID protocols: attendees must provide proof of vaccination or a negative COVID-19 test within 72 hours prior to event.
